

# Managers' Weekly Report & QA Metrics

|                               |              |  |
|-------------------------------|--------------|--|
| Work Beginning:<br>14/04/2014 | Work Summary | Resize the control panel in VideoHandler to be the width specified. Got Junit test to work by using the JavaThreadingRule Class. Tried simulating slide progression on VideoHandler. |
|                               | Issues       | Video doesn't stop playing when eCook proceed to next or previous slide.   |
| Work Beginning:<br>21/04/2014 | Work Plan    | Work on GUI main menu with Zayyad. Research on how to stop mediaplayer.  |
|                               | Issues       | Might have to invoke a method within each Handler to stop the mediaplayer.   |

| Metric  | How measured   | Achieved (Yes/No with Comments) |
|---|--|---------------------------------|
| Defects opened  | Number of new defects opened per week tracked  | Yes – 1                         |
| Defects closed  | Number of defects closed per week tracked  | Yes – 1                         |
| Work items completed                                  | Number of work items completed per week  | Yes – N.A                       |
| Ratio of estimated time to actual time taken per task | Track these values weekly  | No - N.A                        |
| Integration test results                              | Report/log results of integration testing  | No – N.A                        |
| Repeated fails  | Log repeated fails and review daily  | Yes – N.A                       |
| Thorough testing                                      | Check to see whether units have been tested according to the "Test Strategy" documentation | Yes – N.A                       |
