Managers' Weekly Report & QA Metrics

Work Beginning: 03/03/2014	Work Summary	Worked with Jon to finish the first integration, refactored the submitted classes to create a slideshow class and integrated the main menu class. Refactored the XML package to avoid possibly class name conflicts with JFX
	Issues	Deterministic integration test still to be peformed
Work Beginning: 10/03/2014	Work Plan	Complete the first integration test, produce Junit tests for new SlideShow class, create slideshow constructor class.
	Issues	

Metric	How measured	Achieved (Yes/No with Comments)
Defects opened	Number of new defects opened per week tracked	1
Defects closed	Number of defects closed per week tracked	1
Work items completed	Number of work items completed per week	2
Ratio of estimated time to actual time taken per task	Track these values weekly	Currently 2 weeks behind schedule going into sprint 3, sprint 3s deadline will not be moved however, aim to make up the time during this sprint
Integration test results	Report/log results of integration testing	None conducted yet
Repeated fails	Log repeated fails and review daily	
Thorough testing	Check to see whether units have been tested according to the "Test Strategy"	ImageHandler and SlideShow class require JUnit testing
